Mobile Mammography Screening Through Michigan Medicine Services **Self-Pay Options**

MyUofMHealth - Patient Estimates

- The link above is an estimate tool for MM. Begin the tool and select "imaging"; scroll down and select mammogram bilateral CAD; select "skip this step" for insurance coverage; and it will give you an estimate. I'm seeing \$332 with the "uninsured" discount but could be up to \$800.

Contact Info:
